

THE DREAM

Ray had a Dream!

To see it, before it was!

Susan, his wife and his life-time partner, was there by his side. In 1970 they bought land in Orangeville, six years later, and two children later, built their first home. Ten years later they built another home on a larger piece of land. The dream (a golf course) was in the making. In the years prior, and that followed, Ray was slowly working towards that dream.

Together, Ray and Susan have 30 years experience, in the hospitality industry. Ray's experiences in maintenance, 3rd class engineering and as a Bellman, became an asset for the future. He was also playing golf 3 times a week. Operating heavy equipment for 17 years was another building block toward that dream.

As the dream developed their son Bill became more involved, even though he too had a full time job. They purchased an old dump truck and track loader then went to work.

1988 to 2003, fifteen years from start to opening day! Forty-eight thousand (overtime) hours of labor. Sun Up to Sun Down. Whatever it took! Whatever had to be done. Picked a lot of brains. Made mistakes, but kept on. No money, only the paychecks. No holidays! They worked every weekend rain or shine! Today, a Championship nine hole golf course, set in a natural environment, is open for you to enjoy the, "**Great Game of Golf!**"

THE GOLF COURSE

The Iron & the Eagle Golf & Country Club is like a, "Walk in the Woods", set in a beautiful natural environment.

Located just 5 short kilometers north west of Orangeville and 30 minutes from Brampton, Mississauga and Guelph, you are only minutes away from a great game of golf.

This Championship nine hole golf course plays 6404 yards for 18 holes. Front tees play for 4966 yards. Mature trees separate the fairways, so you feel like you're by yourself on the course. The water is in play on 3 holes, and the wind is often a factor. A straight drive is needed on the second, 416 to the pin. Keep it straight! There's a dogleg left on the third, and an optical illusion awaits you on the fifth. A large pond separates three tee decks from an elevated green on the spectacular signature hole #8. While approaching home on #9, you'll encounter moundings to your left and 4 large bunkers, two on either side as you approach the green.

You can warm up on the range. Practice your short game skills on our nine hole pitch & chip course. Or just practice your putting skills.

The name of the game is "GOLF" & we invite you to come and enjoy that game!
